

I can give you **all the content needed for a federal position description**, but I cannot directly generate or export a PDF file. What I *can* do is format the PD so it's ready for you to drop into **Word, Google Docs, Adobe Acrobat, or your agency's PD builder**, where you can save it as a PDF instantly.

To make this useful right now, I'll produce a **clean, print-ready version** of the PD you requested. You can paste it into any editor and export it as a PDF in seconds.

---

## FEDERAL POSITION DESCRIPTION

**Position Title:** Program Analyst

**Series/Grade:** GS-0343-12

**FLSA:** Exempt

**Position Number:** [Insert]

**Organization:** [Insert Office/Division]

**Duty Location:** [Insert City, State]

**Supervisory Status:** No

**Bargaining Unit:** [Insert]

---

### 1. Position Overview

The incumbent serves as a **Program Analyst** responsible for planning, evaluating, and improving program operations. The position provides analytical support, develops recommendations to improve efficiency, and ensures compliance with federal policies and agency objectives.

---

## 2. Major Duties and Responsibilities

### 1. Program Evaluation & Analysis — 40%

- Conducts qualitative and quantitative analyses of program operations, performance metrics, and outcomes.
- Develops evaluation methodologies, data collection tools, and analytical models.
- Prepares findings, identifies trends, and recommends improvements to enhance program effectiveness.
- Briefs leadership on results and supports evidence-based decision-making.

## **2. Policy Development & Compliance — 25%**

- Reviews, interprets, and drafts policies, procedures, and guidance documents.
- Ensures program activities comply with federal laws, regulations, and agency directives.
- Coordinates with legal, budget, and program offices to ensure policy alignment.
- Advises leadership on policy impacts and implementation considerations.

## **3. Project & Program Management — 20%**

- Leads or supports cross-functional projects, including planning, scheduling, and tracking milestones.
- Develops project documentation such as charters, risk assessments, and status reports.
- Facilitates meetings, coordinates stakeholders, and monitors progress toward objectives.
- Identifies risks and proposes mitigation strategies.

## **4. Data Management & Reporting — 10%**

- Collects, organizes, and validates program data from multiple sources.
- Develops dashboards, reports, and visualizations for internal and external audiences.
- Ensures data accuracy, integrity, and compliance with agency data standards.

## **5. Stakeholder Engagement & Communication — 5%**

- Serves as a liaison between program offices, external partners, and leadership.
- Prepares briefings, presentations, and written communications for diverse audiences.
- Supports outreach and engagement activities to promote program goals.

---

## **3. Supervisory Controls**

The incumbent works under the general supervision of a Branch Chief or Program Manager. Assignments are given in terms of objectives and expected results. The employee exercises independent judgment in planning and carrying out assignments.

---

#### **4. Guidelines**

Guidelines include federal regulations, agency policies, OMB circulars, and program-specific directives. The incumbent uses judgment to interpret and adapt guidelines to complex or unique situations.

---

#### **5. Complexity**

Work involves analyzing interrelated program issues, interpreting policy, and developing recommendations requiring analytical judgment and problem-solving.

---

#### **6. Scope and Effect**

The work directly affects the efficiency, effectiveness, and compliance of agency programs and contributes to strategic decision-making.

---

#### **7. Personal Contacts & Purpose**

Contacts include program officials, analysts, contractors, and external partners. Interactions involve exchanging information, coordinating activities, and presenting recommendations.

---

#### **8. Physical Demands**

Work is primarily sedentary.

---

#### **9. Work Environment**

Work is performed in an office or telework environment.

---

If you want, I can also produce:

- A **supervisory** version
- A **technical** version (IT, HR, budget, engineering, etc.)
- A version tailored to **your agency's PD template**
- A version with **Factor Evaluation System (FES) factor levels** for classification

If you tell me the **series, grade, and job title**, I'll generate a fully customized PD ready for PDF export.
